PORTFOLIO : my-portfolio69.vercel.app

ABOUT ME

IT Engineering student at the Royal University of Phnom Penh with practical experience in frontend and backend web development. Skilled in building responsive web applications using React.js, JavaScript, Laravel, PHP, MySQL, PostgreSQL, and REST APIs. Experienced in developing authentication systems, database-driven applications, dashboards, and API integrations. Strong interest in software engineering, modern UI development, and scalable full-stack applications.

TECHNICAL SKILLS

Frontend : React.js, React 19, Vue.js, JavaScript ES6+, TypeScript, HTML5, CSS3, Tailwind CSS, Bootstrap, Framer Motion

Backend : Laravel, PHP, Node.js, Express.js, Python, FastAPI, RESTful APIs, JWT Authentication, Laravel Sanctum

Databases : MySQL, PostgreSQL, MongoDB, SQLite, SQLAlchemy

Development & Tools : Git, GitHub, Vite, npm, Postman, XAMPP, Figma, Android Studio

APIs & Integrations : Google Gemini API, TMDB API, Telegram WebApp SDK, Telegram OAuth, Bakong KHQR, ABA PayWay

Core Competencies : Responsive Web Development, Component-Based Architecture, API Integration, Authentication & Authorization, CRUD Systems, Database Design, Dashboard Development, Data Visualization, Mobile-First UI, UI/UX Implementation, Debugging, Version Control

WORK EXPERIENCE

Frontend Development Intern

KRU IT Solution & ETEC Center | July 15 2026

- Developed responsive interfaces using **React.js, JavaScript, Tailwind CSS, and Bootstrap**.
- Built reusable components and integrated frontend applications with REST APIs.
- Implemented responsive layouts and interactive UI features for web applications.
- Collaborated with developers using Git/GitHub and modern development workflows.

Backend Development Intern

KRU IT Solution & ETEC Center | Aug 5 - Present

- Developed RESTful APIs using **Laravel, PHP, MySQL, and Laravel Sanctum**.
- Implemented **authentication, authorization, CRUD operations, and database relationships**.
- Integrated backend APIs with **React.js** frontends and tested endpoints using **Postman**.
- Collaborated with developers using **Git/GitHub** to build and maintain web applications.

Frontend Developer Trainee

ETEC Center | 2025 – 2026

- Built responsive web applications using **React.js, JavaScript, HTML, CSS, and Tailwind CSS**.
- Developed reusable components, dynamic interfaces, and single-page applications.
- Practiced API integration, debugging, responsive design, and Git-based development.
- Progressed into backend development using **PHP, Laravel, MySQL, and REST APIs**.

Data Entry & Technical Volunteer

MoEYS EdTech Project | 2024 – 2025

- Managed and verified digital educational data with a focus on accuracy and consistency.
- Supported technical and administrative activities for digital education initiatives.
- Collaborated with team members on data management and EdTech-related tasks

SELECTED PROJECTS

LearnFlow E-Learning Platform

Full-Stack Web Application | React 19, Node.js, Express, MySQL, Tailwind CSS, JWT | 2026

- Built a full-stack e-learning platform for students, teachers, and administrators.
- Implemented role-based authentication, course management, quizzes, submissions, and dashboards.
- Developed REST APIs and connected them with a responsive React frontend.

Telegram Shop Mini App

Full-Stack Web Application | React 19, Laravel 12, PostgreSQL, Telegram SDK, Tailwind CSS | 2026

- Developed a Telegram-based ecommerce application with products, carts, orders, and inventory.
- Implemented Telegram authentication and Laravel REST APIs.
- Integrated Bakong KHQR and ABA PayWay payment workflows.

Culinary Admin POS & Inventory

Full-Stack Management System | React.js, REST API, Tailwind CSS, Chart.js | 2026

- Built a restaurant management system covering POS, kitchen orders, reservations, and inventory.
- Developed dashboards with sales analytics and data visualization.
- Created responsive interfaces for restaurant management workflows.

StayEasy Hotel Booking Platform

Full-Stack Web Application | Vue 3, Laravel 10, Sanctum, Tailwind CSS, MySQL | 2026

- Developed hotel search, room availability, reservations, and wishlist functionality.
- Implemented Laravel Sanctum authentication and admin management features.
- Built responsive booking interfaces with filtering and search functionality.

Campus Student Management Portal

Full-Stack API System | Python, FastAPI, SQLAlchemy, SQLite, JWT, Swagger | 2026

- Developed REST APIs for students, courses, enrollment, and GPA management.
- Implemented JWT authentication and protected API endpoints.
- Designed database relationships using SQLAlchemy.

AI Chatbot Intelligent Assistant

Full-Stack AI Application | React.js, Node.js, Express, Gemini API, Tailwind CSS | 2026

- Built an AI chatbot using the Google Gemini API.
- Implemented multi-turn conversations and contextual responses.
- Added Markdown and code syntax rendering for technical responses.

CineVault Movie Discovery Platform

Frontend Web Application | React 19, TMDB API, Tailwind CSS, Framer Motion | 2026

- Built a movie discovery platform with search, filtering, watchlists, and infinite scrolling.
- Integrated the TMDB API for real-time movie data.
- Developed responsive and animated interfaces using React and Framer Motion.

EDUCATION

Bachelor of Information Technology Engineering

- Royal University of Phnom Penh (RUPP) 2024 – Present

Backend Development Professional Course

- ETEC Center January 2026 – June 2026 | Certified

Frontend Development Professional Course

- ETEC Center 2025 – January 2026 | Certified

High School Diploma

- Sodach Hun Sen Phnom Penh Thmey High School 2018 – 2024

CERTIFICATIONS & RECOGNITION

- **Backend Development Professional Certificate** — ETEC Center, June 2026
- **Frontend Development Professional Certificate** — ETEC Center, January 2026
- **Frontend Development Internship Certificate** — KRU IT Solution & ETEC Center, July 2026
- **MoEYS EdTech Project Recognition** — Royal University of Phnom Penh, 2025

ADDITIONAL PROJECT EXPERIENCE

WOOD'S Cambodia Android App

React, Capacitor, Tailwind CSS, Android Studio

Iron Man Cinematic Portfolio

React, Framer Motion, Tailwind CSS

Tech Haven Computer Shop

React.js, Tailwind CSS, Bootstrap, Vite

Liquid Glass Developer Portfolio

React 19, Tailwind CSS, Vite, Framer Motion

LANGUAGES

Khmer: Native
English: Intermediate

PROFESSIONAL INTERESTS

- Full-Stack Web Development
- Frontend Engineering
- REST API Development
- Database-Driven Applications
- UI/UX Implementation
- Software Architecture
- Modern Web Technologies
